

## WHAT'S HAPPENING ? ROOM 5 YEAR 2

Here we are nearing the end of another busy, fun and interesting term in Room 5 Year 2 with Mrs Morris.

We enjoyed learning about life on a farm when we went on our term excursion to Kiara Farm, listened to the important safety messages

from the Constable Care puppet play during our school incursion and worked sensibly in groups with Room 3 discussing being “Wary on the Web”. We also performed “Tiddalick the Frog” with Room 9 at our school assembly. Our

costumes were amazing thanks to the parents and we had fun performing in front of everyone. After the assembly we had a great picnic with our family and friends.

In the junior play area we have built up a great “Woody Kitchen Café” complete with a drive through for the scooters to pick up a lunch time milo and there are now trucks, tractors and front-end loaders in the sandpit for more creative play.

The classroom Science corner displays our bottled mini water cycles and different cereals that are grown on a farm. We have really enjoyed using the electronic computer microscopes in the library to look at the amazing detail of shells, skin, nuts, grains and even an eyeball!

We are learning a lot working in Math learning Centres – measuring, graphing, weighing, constructing, working out puzzles, using the calculators, computers, money games and timers. Spelling learning

centres also offer challenges. These activities add fun to learning and by working with different friends we develop an understanding of the importance of sharing and co-operating.

When available, Mr Judd our School Chaplin comes into our class to assist with PATHS activities and also reads us Paul Jennings stories. Mr Judd makes us laugh with his big reading voice and funny expressions.

In Journal writing we get to choose our own topics! Some children choose to write narratives, songs, poems and even stories with weekly chapters. We like reading our work to other classes.

Our latest activity has been making friendship rocks which we will hide in the Kindy/Pre-primary area. It has been exciting painting and decorating the rocks but we think it will be even more exciting watching the children find them!!

The holidays are almost here so we have a “Holiday Pack” of fun things to do and collect over the 2 weeks. We will all be looking forward to hearing about everyone’s holiday and welcoming Mrs Margraf as our Monday teacher in Term 3.
