

## Paths in Room3

Our compliments last term and this term have followed a seasonal theme. The children gave each other compliments and we attached them to snowflakes. The parents and caregivers have been asked to give their child compliment and these have been recorded on raindrops.

Come and have a look at our wintery classroom!!

In our lessons we have been working on what we can do to repair a friendship if something goes wrong. These are some of

**the ideas we had to make up with a friend if we have had a problem**

**\*say sorry**

**\*ask them to play with you**

**\*share something**

**\*give the person a compliment**

**\*write a nice note to the person**
