

# PATHS NEWS      YEAR 2 ROOM 5

Students in Room 5 love being selected as the PATHS **KID** for the day!

Their name is lucky dipped out of the **PATHS** box which allows them to be the important and responsible

person for the day. They place their name plaque on the **PATHS** board and wear a **PATHS** badge for the day. This roll enables the selected student to be helpful to

the teachers and to display all the “values” towards their peers. At the end of the day the **PATHS KID** gets to select a thankyou prize and, lucky dip someone else for the next day. Everyone has a turn!

Each Thursday our school Chaplin Mr Judd works in our class to deliver a **PATHS** lesson. His stories and messages are very interesting helping us learn how to make the right choices and decisions.

We have made **PATHS** posters which are displayed outside our classroom in Kambarang block.

These posters help to remind everyone about our **PATHS RULES**: playing safely and fairly, being kind, helpful,

caring, respectful, responsible and compassionate towards others, being co-operative and most

importantly...to treat others the way you expect to be treated!

**PATHS** is a very important program that we use every day

in all situations. Everyone in Year 2 Room 5 aims to be the best role model they can be and carry these **PATHS** values with them throughout their lives.
