Planting

Wednesday 28th July

Classroom based activities

Thursday 29th July

Planting Continues
Day of Sport

Sausage Sizzle

Assembly

Acknowledgement of Country
Principal's address
Wanjoo – led by the Choir

Planting

All classes involved in planting native plants in the space between the vegie patch and the chook pen.

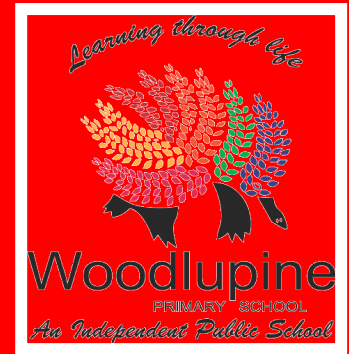

Day of Sport

The students have been divided into 10 groups from K to 6. They will spend periods three and four playing Indigenous sport. The sport will be facilitated by the teachers and non-teaching staff who will have cards of information about the sport the kids will be playing.

Rock Art

The rock art will be completed during the week. The Australia will be built near the undercover area. The nyingarn will be created on the opposite side.

We will purchase river stones to make feet with small stones for the toes to represent the journeys that we all have taken to be here. They will rest around the Australia and the nyingarn. The senior kids will place them.

Sausage Sizzle

Lunchtime

Students and staff are invited to a sausage sizzle out by Harmony Creek.

Halaal and vegetarian sausages will be provided.

The Rock Art installation will be done throughout the week.
