

DARLING RANGE

SPORTS COLLEGE

RUGBY LEAGUE PROGRAM

The Rugby League program will be introduced at Darling Range Sports College in 2020 for students enrolling in Year 7.

The program provides a unique opportunity for talented young athletes to combine academic success with sporting excellence during their high school years and is designed to fast track students along the elite sporting pathways and elevate them to professional athlete standard.

Darling Range Sports College's proven success is due to its commitment of staff and tailored individual learning programs. Students focus on skill and fitness whilst working in line with national accredited standards. The program has previously celebrated many sporting successes over the years including 6 state Rugby titles and state championship games.

The Sport Science program incorporates a focus on nutrition for peak performance, sports medicine courses, sports psychology, recovery and rehabilitation, coaching and umpiring.

The Rugby League program continues through to Year 12 with the opportunity to complete a full and comprehensive academic program leading to University, TAFE or full time employment.
