

We have been very very busy in EL1.

We have made lots of new friends and having been enjoying their company

We have been learning our sounds and numbers. Now we are learning how to make words with the sounds.

We have an Easter Activity morning. Our families were able to come to school and we made two activities in each classroom.

The Doctors from the Teddy Bear Hospital came to visit us and they checked that our teddy bears were healthy. We had lots of fun doing the activities.

On Wednesday Thor's Hammer was found in the Early Years playground. There was a note from Thor saying that it had come from out of space. We have been given super powers and we will be designing our costume. We will also be doing lots of writing and presentations about Superheroes. We can't wait for you to see our work.

We have learnt about butterflies and made some fun things. These are displayed in our classroom.

We hope our lovely Mum's have a happy Mother's Day, and get spoilt.
